

Beginner Handgun Safety Class

Oak Tree's Beginners Handgun Safety Class is designed to take the novice or an individual with no handgun experience to a point where they can begin to feel comfortable with a handgun. It also helps the individual, or first time buyer, who is in the market for a handgun to choose the proper gun for their personal needs. All classes are kept small, no more than 15 students per class, to ensure that ALL safety rules are obeyed and each student is able to obtain the help needed

The course is approximately 3 ½ - 4 hrs long, and is comprised of approximately 1 ½ hours of class room where the fundamentals of gun handling and safety are discussed. Topics covered in class include but are not limited to; types of pistols (revolvers and semi auto), cycle of operation of pistols, safe handling, storage and transport of weapons, etc. The remainder of the class is on the range where the student will practically apply the tools learned in class and have the opportunity to learn proper range safety and safe handling techniques of the weapon. The fundamentals of shoot will be practice which include but are not limited to; proper sight alignment, how to safely load and unload the weapon, how to safely clear a malfunction, etc...

The cost of the course allows the student to use .22 semi automatic and revolver pistols and approximately 50 rounds. Throughout the course of fire the instructor will give individual shooters attention helping each shooter with the fundamentals of shooting and how to be an accurate and safe shooter. Furthermore, at the conclusion of the class each students pistol range fee and rental fee are covered for the remainder of the day, if the student would like to try a different caliber weapon they will have the opportunity.

The F.S.C (Firearms Safety Certificate) test, which is required by the state of California to purchase ANY firearm in the state, will be available for any student to take for an additional fee*
