

Defensive Pistol Level 1

Students will be able to shoot defensively with their handgun. Able to balance speed with accuracy, know the different types of sighting (point shot, flash sight, sight picture). Course is not a competition. Designed to learn your ability and where to improve. We will start with basic marksmanship, good shooting position, then move to sight deviation. We will shoot from behind cover/concealment, dominant side, support side, and kneeling.

Length of course: this course has minimal class room if any. It will be 3-4 hours of shooting drills outside on the range from the bench.

What you will need: Pistol, 100-150 rounds of ammo for your pistol, minimum 2 magazines, eye and hearing protection, a brimmed hat, appropriate attire for shooting on the range, and water.

Space is limited to 8 participants
